

SAMPLE VIDEO CERTIFICATION LETTER

Consultant's Letterhead

Date:

Surrey Project:

Consultant File:

City of Surrey
14245 - 56 Avenue
Surrey, B.C. V3X 3A2

Attention: (Engineering Inspector)

Dear Sir:

Re: Video Inspection Certification: Development at _____

This is to certify that the sewer system has been reviewed and meets the City's criteria. We verify that all sewer systems were tested at final curb (road) base stage and thoroughly cleaned / flushed prior to video testing.

Attached is a summary of problems found during testing, together with our recommendations and details of action taken to correct deficiencies. Applicable areas were re-videoed as noted. Enclosed is the CD video inspection report details and photos of manholes for this project.

We, therefore, recommend that the City accept the sewer system.

Yours truly,

(Professional Engineer)
